Goals of the Forum:

- To compile a list of Marion County Re-entry service providers
- To share information on the Mayor's Office Re-Entry plan and its implementation process to include data collection and monthly reporting options
- To establish the best manner to share information with offenders that are still incarcerated but returning to Marion County and those that are presently in the County
- To establish on-going dialog and relationships between providers
- To develop a system of information sharing and training that enhances the service delivery system
- To develop a network of employment service providers that will work with our office as we move ex-offender employment through the provider networks

Please visit our [website](#) to register for the event and submit information about resources you have to offer ex-offenders. Or, fax your contact information and details about the services you provide to 317-327-5271.
