Homeless & ReEntry Helpers, Inc. Offers:

An All-In-One Information & Referral Web Site that "Helpers" Can Use to Help those in Need!

HRH is a non-profit & non-political information & referral service organization

One of HRH's Recommended Helpers is:

Homelessness & Persons In & Out of Our Prisons & Jails are a Community Concern.

Our Problem:

We know that most people in need of help obtaining a meaningful job, housing, transportation, food, clothing, medical care, etc. usually don't have the tools necessary to find that help. We also know there are multiple service providers out there that have the ability to help people but they don't know where all of those people are. There are many helpful web sites and other informational sources readily available to offer help, but where are they? HRH has tied all this information together into a central information data base, that everyone can have access to from a single source that is easy to use.

HRH's Solution:

Utilizing today's best information retrieval technology - "the internet", Old Don is providing a web site for those who work with the homeless and those either in, or out of, the prison system with an information data base they can use as a "Community Bulletin Board" that lists both "Faith Based" and "Community Based" service providers/organizations, and businesses that offer various goods and services to those in need. This is a FREE resource tool intended to help persons reaching out for a better way of life for themselves & their families.

2. Weekly Newsletter. Keeps our service providers, case workers, volunteers/HELPERS informed of the services, current and future events in our industry.
3. Web Site Pass-Outs - Provide printed information to the homeless and those in and out of the prison system.

5. Network of Housing & Job Providers. Provide a network of business owners/managers/workers that can supply our service providers with new and existing housing & job opportunities to those in need.
6. Homeless and ReEntry Conference and Training Center. Provide a location for on-going training; to case workers, service providers, parole/probation officers, pastors/chaplains, that will help them help others.

It's a Proven Fact:

"Together, We Can Make a Difference"

While researching successful, and not so successful, Homeless and ReEntry programs around the country we found that the most successful programs (both faith based and community based), were those that had an active base of community volunteers working with the local government agencies, prisons, and existing service organizations. Proving again, that "Working Together is Better". One of HRH's goals is to help build a successful data base of volunteers, teachers, tutors, and mentors (HELPERS) in the community that can better serve those in need.
